

Program Schedule Fall 2009

Full Circle Grief Center is partnering with a variety of organizations to offer grief support services at **no cost** for children and adolescents ages 3-18, as well as their parents/caregivers.

Groups are available for children who have experienced the death of a parent, sibling, caregiver, or other significant person.

Professional counselors use various forms of creative expression to help the group members tell their story of loss, identify their feelings, establish effective coping strategies and communication skills, and discover ways to remember their loved ones.
